

Edale Rise Primary and Nursery School

Anti-Bullying Policy

Introduction:

This school is committed to providing a caring, friendly and safe environment in which all pupils and adults can flourish. **Bullying of any kind is unacceptable in our school.** Pupils and adults should feel able to talk about their experiences and know that all incidents involving bullying will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to tell staff.

This policy links with our policies for Behaviour, PSHE, Safeguarding and the 2010 Equality act.

This policy has been written in collaboration with Governors, staff and children.

What is bullying?

Bullying is the sustained use of aggression with the intention of hurting another person, physically or emotionally. This policy includes incidents of cyber-bullying. Bullying may result in pain, distress and the loss of self-esteem in the victim.

Prevention of Bullying:

At this school, we believe that, wherever possible, preventing bullying is preferable to dealing with incidents after they have happened. We seek to create an ethos in school where bullying cannot happen and where children feel secure and confident to share their worries. We have the following measures in place:

- Simple school rules, centred around empathy and respect for each other
- A Home School contract, signed by parents, pupils and the Head Teacher, agreeing to abide by the school rules
- A curriculum which addresses the issue of bullying (PSHE sessions) and an emphasis on building confidence and resilience in our children. Lessons on E-Safety and cyber-bullying.
- Access to online lessons through the SCARF Local authority website to ensure teachers have up to date information on teaching.
- Small group and one to one work with children who may be potential bullies or victims of bullying
- Support for parents and awareness raising if required
- Regular staff training and updates to include cyber bullying and PREVENT training on anti-radicalisation

Types of Bullying:

- Emotional: unfriendliness, exclusion, tormenting, threatening
- Physical: any threat or use of physical violence
- Racist or religious: racial or religious taunts, graffiti, gestures
- Sexual: unwanted physical contact or sexually abusive comments
- Homophobic: abusive comments focussing on sexuality
- Verbal: name calling, rumours, teasing
- Cyber: misuse of areas of internet, threats via mobile 'phone or internet chat rooms

Incidents must also be reported if bullying is occurring on the journey to and from school as this can be dealt with in liaison with community services such as PCSOs

Bullying of adults in school is acknowledged to be equally serious as bullying of children. The school will not tolerate the bullying of its staff by parents, children or other members of the school community. Bullying among parents will not be tolerated and will be dealt with by the Leadership Team.

Reporting and Responding to Bullying:

All members of the school community who witness bullying have the **responsibility** of reporting such incidents, regardless of whether or not they are involved.

If parents have any concerns they can report these to any member of staff in school who will direct them to a senior leader.

Children have a variety of ways to report bullying:

- Speaking to their class teacher
- Speaking to another member of staff with whom they feel comfortable
- Self referring to the Learning Mentor and her team via the 'Chatterbox'
- Talking to another child, who can then report to staff
- Talking to their parent, who can then report to staff

Staff will respond in a variety of ways:

- Conversation with the children involved
- Open discussion in class as part of a PSHE session or at a specially arranged session
- Complete an 'incident form' and pass on to a member of the Leadership Team
- Referral to the Learning Mentor
- Inform parents of both the bully and the victim and invite them into school to discuss the situation (with senior staff and a member of the Governing Body, if appropriate)

Outcomes:

- Work around bullying behaviour to take place, if appropriate with the support of outside agencies (Anti Bullying Team, MALT CAMHS, possibly work with the whole family and Restorative Justice with the Police). The bully should acknowledge the impact of his or her actions and apologise for them
- Further sanctions may take place (suspension or exclusion)
- Situation to be monitored by staff via the Class Conference system and parents to be kept informed

It is the responsibility of all staff to implement this policy.
