RSE update

As you may be aware the government are releasing a revised RSE curriculum to be in place for September 2020. I know some parents have reservations about the changes and I want to take this opportunity to reassure you that I am looking in to how we will move forward at Edale. I have recently had meetings with leaders from several religions and leaders from other schools. I have a meeting during July with other schools in our Trust led by our CEO to discuss the matter further. No changes will be made in the near future and no changes will be made without full information being sent out to parents first.

This year, as with other years, in years 5 and 6 children will be having lessons on puberty but a letter will be sent out prior to this. I am also liaising with year seven staff to discuss whether they hold lessons on human reproduction as I feel the emphasis for our pupils should be on puberty and safeguarding.

We will work on this matter together and I will send an update after the meeting in July. We have until September 2020 to work through this and I will keep you informed through the year.
