Areas to develop				
<p>Four replies had suggestions for development –</p> <ul style="list-style-type: none"> • More homework please • More communication between staff and parents of their child with SEN • More sensory equipment for my child with SEN • Ensure any issues are discussed away from any other parents 				
Actions				
<p>Homework – our policy is to deliberately set minimal homework linked to reading, spellings and Maths. We feel children work extremely hard during the day and should only spend some of the evening on homework. We prefer children to spend time with family and friends, join clubs and attend other events of importance such as religious sessions. Reading is the key homework- please see policy on website Communication – SEN - Next year we will ensure parents evenings are staffed by all staff working with SEN children wherever possible Resources – Our SEN leader will look into ordering more resources next year Discussions – I have shared this report with all staff to remind them of this point</p>				
Summary				
<p>Thank you to all parents who responded to the survey. It was pleasing to receive such overwhelmingly positive responses. The ideas you gave us for future actions were constructive and will help to improve provision further</p> <p>☺</p>
