Edale Rise Primary and Nursery School
2021-2022

Our Vision
- To improve the life chances of every child through the pursuit of knowledge.
- To ensure children are well rounded pupils with strong moral values through the 'Take Care' approach.

Our Ethos: Edale Rise, 'A Take Care School'

We Take Care of Ourselves	We Take Care of Each Other	We Take Care of our Work	We Take Care of our School and our World

Edale Rise is a 'A Take Care School'. We follow a very simple yet effective set of principles that empower our children to manage their own conduct. This instills within them strong moral values to prepare them to be positive, autonomous citizens.

A Knowledge-rich Curriculum

Our knowledge-rich curriculum is purposefully designed to ensure that children gradually develop and retain a broad and rich body of powerful knowledge that allows them to think deeply and creatively about the world in which they live. Our knowledge-rich curriculum can be understood as being broad, rich, powerful and coherent. It is under constant review and adaptation as we aim to deliver a world class, knowledge-rich curriculum to all of our children.

School Priorities 2021-2022

Writing
- Edale will continue to develop its unique writing curriculum that explicitly details the content children learn in each year. We will also continue to develop our writing process.

Oracy
- Edale will continue to develop its work on oracy. Focussing on opportunities for developing oracy across the curriculum, leading to rich outcomes.

Curriculum
- We will continue to work on curriculum, especially improving the quality of representation and diversity, enrichment, the development of subject discipline and end of unit outcomes.

Subject Leaders
- Subject leaders will continue to be developed to ensure all subjects are strategically led to improve provision.

Community
- Edale will continue to work on home-school engagement and engagement with the community of Sneinton and Nottingham to enhance the provision we offer our children.

Digital
- Digital provision will be developed further to enhance formative assessment, spaced retrieval, curriculum outcomes across the curriculum. The coding and core computing objectives will also be revised.
