

Transform Trust Intimate Care Policy

Policy Number	Author	Publication Date	Review Cycle
212	Director of Inclusion	V3 September 2025	Every 2 years

1. Aims

This policy aims to ensure that:

- Intimate care is carried out appropriately by staff, in line with any agreed plans.
- The dignity, rights and wellbeing of children are safeguarded.
- Pupils with intimate care difficulties are not discriminated against, in line with the Equalities Act 2010.
- Parents/Carers are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account.
- Staff carrying out intimate care work do so within guidelines (i.e health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved.

Intimate care refers to any care which involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

2. Legislation and statutory guidance

This policy complies with [statutory safeguarding guidance](#).

It also complies with our funding agreement and articles of association which can be found: <https://www.transformtrust.co.uk/trust-governance-documents/>

3. Role of parents/carers

3.1 Seeking parental permission

For children who need routine or occasional intimate care (e.g. for toileting or toileting accidents), parents/carers will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form (if used), an intimate care plan will be created in discussion with parents/carers (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents/carers and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents/carers afterwards.

3.2 Creating an Intimate Care Plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents/carers, the child (when possible) and any relevant health professionals.

The school will work with parents/carers and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there is doubt whether the child is able to make an informed choice, their parents/carers will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

[See Appendix 1 for a blank template plan to see what this will cover.](#)

3.3 Sharing information

The school will share information with parents/carers as needed to ensure a consistent approach. It will expect parents/carers to also share relevant information regarding any intimate matters as needed.

4. Role of staff

4.1 Which staff will be responsible

Any roles who may carry out intimate care will have this set out in their job description.

No other staff members can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

4.2 How staff will be trained

Staff will receive:

- Training in the specific types of intimate care they undertake.
- Regular safeguarding training.
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as is possible.

They will be familiar with:

- The control measures set out in risk assessments carried out by the school.
- Hygiene and health and safety procedures.

They will also be encouraged to seek further advice as needed.

5. Intimate care procedures

5.1 How procedures will happen

It is best practice to have 2 members of staff present. This is to ensure adequate duty of care to children and adults.

- If possible, children should be changed standing up or using the variable height changing table, to avoid staff lifting children.
- The child's skin should be cleaned with a disposable wipe.
- Nappy creams/lotions should be labelled with the child's name and used only if prescribed for that child (by their parents/carers) they must not be shared.
- Disposable gloves should be worn when changing nappies. The nappy should be folded inward to cover faecal material and double wrapped in a nappy bag. Soiled nappies should be disposed of into the bin provided. The disposal bin should be lined and emptied daily, replacing the used bin liner.
- Once the child has been changed and removed from the changing area, the surface should be cleaned with an antibacterial detergent spray or wipe and left to dry.
- Gloves, apron and any items used for cleaning the changing area will be wrapped and disposed of via domestic waste.
- Hands should be thoroughly washed afterwards.
- Log, using the school system, after every intimate care procedure.

Procedures will be carried out in *(please state where in school)*.

When carrying out procedures, the school will provide staff with:

- ***Protective gloves, cleaning supplies, changing mats and bins (schools to check).***
- For pupils needing routine intimate care, the school expects parents/carers to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.
- Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents/carers at the end of the day.

5.2 Concerns about safeguarding

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to the Headteacher.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

6. Monitoring and Review of the Policy

The Trust will amend this policy at any time to take account of changes in legislation. The normal cycle of review for this policy will be annual.

Appendix 1 – Intimate Care Plan

PARENTS/CARERS	
Name of child	
Type of intimate care needed	
How often care will be given	
What training staff will be given	
Where care will take place	
What resources and equipment will be used, and who will provide them	
How procedures will differ if taking place on a trip or outing	
Name of senior member of staff responsible for ensuring care is carried out according to the intimate care plan	
Name of parent/carer	
Relationship to child	
Signature of parent/carer	
Date	
CHILD	
How many members of staff would you like to help?	
Do you mind having a chat when you are being changed or washed?	
Signature of child	
Date	

This plan will be reviewed twice a year.

Next review date:	
To be reviewed by:	

Appendix 2 – Parent/Carer Intimate Care Consent Form

PERMISSION FOR SCHOOL TO PROVIDE INTIMATE CARE	
Name of child	
Date of birth	
Name of parent/carers	
Address	
I give permission for the school to provide appropriate intimate care to my child (e.g changing soiled clothing, washing and toileting)	
I will advise the school of anything that may affect my child's personal care (e.g if medication changes or if my child has an infection)	
I understand the procedures that will be carried out and will contact the school immediately if I have any concerns	
<p>I do not give consent for my child to be given intimate care (e.g to be washed and changed if they have a toileting accident). Instead, the school will contact me, or my emergency contact and I will organise for my child to be given intimate care (e.g be washed and changed). I understand that if the school cannot reach me, or my emergency contact if my child needs urgent intimate care, staff will need to provide this for my child, following the school's intimate care policy, to make them comfortable and remove barriers to learning.</p>	
Parent/carers signature	
Name of parent/carers	
Relationship to child
